jana

Jana is at home bored. So bored that after her shower she just put on anything and went back to being bored. Then a little birdie told her she doesn't have to be bored. All she has to do is call her neighbor. She calls but he doesn't answer.

Jana leaves a message that she's bored and can he come over and cheer her up. Turns out he was at the supermarket and checked his phone in the car. He immediately started over, but realized he didn't have anything to bring to cheer her up. Then he has an idea. One banana. That's funny, he thought.

"I WAS SO BORED, SO I CALLED MY NEIGHBOR TO COME OVER AND CHEER ME UP!"

h e knocks and she invites him in. Then... he brings out the one banana. He called it George, and that made Jana laugh. Soon, they start talking dirty. This was getting Jana wet and horny. With her robe open and skimpy under things, soon her tight, little pussy got exposed into which the good neighbor submerges his face. After she starts sucking his cock he quickly takes her clothes off to expose the rest of her firm, supple, 18-year-old body. As he pounds her pussy and she rides his cock, her boredom changes to horniness, and finally - satisfaction.

I'm here for the photo shoot today and I see everyone scurrying around getting everything set up. Just for me, well, me and Goldie. She's sitting on this big overstuffed sofa waiting her turn, and then we get to play with each other. As I look at

the crew setting up, the thought of all those guys and girls doing this for me is a big turn on. I think I'm getting wet just watching them. There's this one camera assistant that's really cute and his muscles bulge every time he picks something up.

"Somehow, it's really hard for me to keep my clothes on when the camera's around."

Since I'm here a little early, I get to spend some time with Goldie. She's so beautiful and quite sexy. I can't wait to get my lips on hers and then on her pussy. But now I'm headed to the make-up chair since the director yelled out "Fifteen minutes." When I'm ready I head out to the set – that same big overstuffed sofa. "Action!" I love hearing that. Soon, I'm naked and touching myself, and it feels so good. The still photographer is asking me to spread my buttocks and I do giving him a great shot of my pretty pucker. But I can't wait for Goldie. Be sure to pick up the next issue to see us together.

THE DAY DILDO CAME TO PLAY

I'd been married for barely a year. My husband worked hard, and I admit I am a little pampered. I'd go to the club, the spa, get my hair and nails done once a week. I'd have a girl's day and night out every Sunday because he was a big football fan and it ran on the TV from nine in the morning until nine at night. I tried to get into it, but he wouldn't pay attention to me anyway. At the bar or the restaurant we girls would go to, we'd get hit on, guys would buy us drinks, or we'd very often talk crap about our husbands and boyfriends. You know, the typical stuff.

Our Sundays away from the guys would usually consist of me, Joann and Kaelynn. We were all in our early twenties, two were married and Kaelynn was in a long, monogamous relationship with her college beau. I was the first to get a divorce, then a year later it was Joann but Kaelynn, as of this writing, has stayed in her relationship. Fortunately, our girl's Sunday-get-together continued and Joann brought in another 'member,' Dyanna who she says she met before her break up, but now they had hooked up and were lovers. Well, as you can imagine, that introduced a whole new dynamic to the group, but she said Dyanna was fun, uninhib-

ited and didn't try to convert us. We had all sorts of questions for the both of them about turning gay or being gay... kissing a girl and licking pussy. We giggled and laughed and ran up huge food and drink bills wherever we went.

Two months later Joann got a job transfer out of town. We were all pretty sad but she insisted we continue with our weekly Sunday rendezvous because the football season would soon be over, and we did. Over the next few weeks I really started taking more of a liking to Dyanna, in more than a friendship way, that is. She was intelligent, articulate, quite attractive and an admitted bisexual, with a definite leaning towards lesbianism. As we were ending one of our evenings and

we were heading home, I asked her for a ride to a mall's parking lot. (I had purposely left my car there). She dropped me off and I asked if I could thank her by taking her out to dinner tomorrow night. She smiled, nodded yes, and gave me a quick soft kiss on the lips. It happened so fast I couldn't respond one way or the other, but I'll admit I thought about it all the way home, that night, and at work the next day.

WOMEN CAN BE VERY AGGRESSIVE AT TIMES.

Monday night came round fast (yes, my husband was in front of the TV.) We met at Enrico's, a well established Italian restaurant downtown. She looked stunning and, admittedly, I was looking pretty hot myself. We ordered dinner and drinks and talked until almost ten. Now I think I'm now attracted to both sexes, but I'm still primarily drawn to men. This is undoubtedly due to my fascination for and adoration of the penis which pulls me like a magnet. I love sucking them, rolling my tongue around them, and I love having them inside me, throbbing until they explode, filling me with ecstasy. Dyanna told me that engaging in sex with women does not necessarily mean doing without cock. I had played around with dildos and have used them for years, but it would be with Dyanna that I discover the dildo's full potential.

She told me that lot of people are baffled when they hear about lesbians using toys, because if they want to get fucked, why they don't go for the real thing. But loving women emotionally and sexually does not necessarily preclude the desire to be penetrated. Truth is, many lesbians are just downright raunchy. Dyanna was that kind of lesbian with dark hair, dark eyes, a tight body with gorgeous firm tits.

That night we went back to her place and immediately we were all over each other, sucking, touching, bumping and grinding. Dyanna was so aggressive I almost felt like I was with a man. She would spread my legs and hump me wildly, sticking her fingers in my pussy and rooting them around so that I felt I was being fully fucked. But that wasn't enough. We wanted more than fingers, and bigger. I took out my six-inch red plastic dildo. She held it in her hand. "You call this a dildo?" she moaned. Clearly, I was lacking in some vital sexual knowledge, though I had no idea what that might be. She told me to come to her house Friday as she left mine.

That Friday night I went to her house, my heart pounding and my pussy wet and twitching. She greeted me at the door wear-

ing a low-cut top and pajama bottoms. When she grabbed me and held me close, tonguing my mouth, I felt a discernible bulge in her pants. Intrigued, I rubbed my crotch against it, getting myself hot, moaning and groaning and thrusting my boobs against hers. After a while she released me and led me to her bedroom. She sat down on the edge of the bed and gently pushed me to my knees, my face in her crotch. Slowly she pulled down her bottoms and popped out an eight inch, flesh colored, life-like dildo. It had a very real looking head with simulated veins along the shaft.

I looked up at her and then back at it. She nodded her head and mouthed 'suck it' with her lips. I reached out and took it in my hands and stuck my tongue out to lick the head. Since it was made of silicone, it tasted funny, but seeing it so close to my mouth, my sexual reflexes took over and I thought it to be a penis. It seemed so real that my taste buds took a back seat and I took it into my mouth as I would a real cock, bobbing my head up and down, letting the head touch the back of my throat. I licked it all over, stroked it lovingly, and gazed up to see her eyes smoldering. Soon she made me take off my clothes and rub her cock between my boobs. All the while she watched us in her dressing mirror. Every so often I glanced over and saw myself in the classic position, on my knees with a mouthful of cock meat.

NOW IT'S MY TURN TO DOMINATE OTHERS.

After awhile Dyanna removed her clothes, and I saw that the dildo was held by a leather harness wrapped around her hips. I'd never seen this before. Dyanna laid me across the bed, spread my legs and mounted me. Grasping the cock in her hand, she eased the head into my soaked pussy. I thrust my hips to get in more, but she plunged it in and then slowly slid all the way up to the hilt, shocking and thrilling me at once. I squeezed my pussy muscles around it. I swear it felt just like I was being fucked by a real cock. I grabbed hold of a breast and sucked, lifting my legs higher to allow deeper penetration. My pussy unfolded more and more until I was nearly fainting with pleasure.

When I closed my eyes, it seemed like a man was fucking me. Her strokes were strong and forceful, and she knew just how to play it. I was ready to cum when she rolled us both over and now I'm on top. I sat up on her cock and bounced up and down, reaching a frenzy of excitement. My boobs bobbed, my nipples stood out like bullets, and my hair flowed down my back as I arched my body. She reached up and squeezed my nipples with her fingers so hard

that they hurt, and then the pain changed to pleasure. I leaned forward and positioned my left nipple in her mouth. She wrapped her moist lips around it.

I fucked that rubber cock like I'd fucked real cocks before. Then Dyanna's finger

finds my button and she rubs it harder and harder until my whole body began to tremble and shake. My pussy palpitated and I had the biggest, noisiest, most drawn out orgasm of my life. I was so lost in my own climax that I didn't realize she had cum at the same moment, then she rolled me over and fucked me good and hard, just the way I like it after I cum, pounding herself into me until I was spent. Afterward we laid side by side, the dildo was still inside me, and still hard as a rock. I was totally awed. Not only could a dildo provide the same pleasure as a cock but there was no problem about maintaining an erection. There was whole new world opening up to me and I felt a new type of excitement. Who needed men, I wondered, after an experience like this?

For all you men out there, please do not fret, you can't be (totally) replaced.) There are still many things a dildo just can't provide, such as the taste and feel of real flesh, a spurt of hot cum, and a pair of balls which I love to fondle and suck. And then there are all those other delightful male characteristics, like hairy chests, powerful muscles and the male sexual energy that drives me wild. My lust for real cock hasn't dwindled at all; rather, my lust for women has increased.

For the next year, Dyanna and I would see each other quite often and have all kinds of sex, with and without our toys. We brought a man into our bed and had a marvelous three way with Dyanna fucking him in the ass. One time we invited another lady to join us and both Dyanna and I wore dildos and we managed a rather feminine double penetration. It took a few minutes, but after we got the logistics worked out, we fucked her like no one else and she came screaming and bucking like a wild animal.

Six months later our time together, sadly, ended. We parted friends and I said goodbye to a friend, a lover, a mentor and one helluva good fuck. She got married – to a man. Somehow, I began to like the sensation of fucking a woman, tapping into my own strength and power. Life is full of surprises.

alicia

I've really only been fucking for a couple years. I am pretty good with my hands and mouth, however my sexual appetite has doubled, no tripled, over the last couple years and I'm so horny now. Sometimes I feel horny all day long and jump into the tub when I get home for a marathon bath and masturbation session. So it's Friday night and I just finished in the tub, and myself when I get a booty call from Benji, as I like to call him. He says that he's horny too and asked if we could get together in an hour or so.

"I'M TOTALLY NOT WHAT I LOOK LIKE. I WANT TO HAVE FUN AND GET LAID A LOT"

benji arrives right on time and I greet him at the door with just my little spaghetti top on and nothing on the bottom. Immediately he felt down there and said, "Mmmm, cleanly shaved." I told him I did it just for him. The he turned me around and slapped my butt, before spreading my cheeks and feeling my butthole. It was slippery from the lube I put on and that put a huge smile on his face as he put a finger inside. Well, if that wasn't enough to make me even hornier, then nothing is. "Let's go, Benji..."

I never, ever thought I'd be posing for naked pictures and seeing them appear in a magazine or even do adult videos. Why the most racy thing I ever did was a bra and panty selfie for my 19th birthday that I sent to my boyfriend. I mean, all us girls do something 'crazy' like that. But now looking back, it seems more innocent than crazy. But crazy has become my middle name, especially since I started fucking women. I had not had a lesbian encounter until I started doing photo shoots. I loved it a lot, but still like a good hard man to fuck, too.

"I JUST CAN'T WAIT TO GET THAT LITTLE VIBE INTO MY TIGHT PUSSY, CAN YOU?"

When I have a long hard cock in my mouth, that's when I'm at my best. I worked hard at giving good head that I've overcome my gag reflex that I can take a nine or ten inch cock without gagging. I still am practicing with bigger cock, though, and it's a lot of fun! But in some ways, I'm still pretty conservative because I like the mish position best. I like a man on top of me, thrusting his cock into my pussy as I rub my sweaty chest against him. I do have to admit that anal sex is not my fave. I've done it once for the camera and a few times in private, but my pussy dominates and it wants it more than my ass, for now...

Hi there. It's been a while since I've done any scenes but I decided to do this one by myself just for you. In the time I've taken off from making movies and photo shoots, I was asked on night by a girlfriend what I liked doing best, since she knew I had done quite a bit. I had to think about it for a while and told her that I'd tell her what was most unusual for me, not what was best because that wouldn't be fair to the others I've been with. I poured us a couple glasses of wine and told her...

faith

"WHAT BETTER WAY TO SPEND A SUNNY DAY THAN THE GARDEN, TOTALLY NAKED"

You know, I was most fascinated by a fucking machine. I was asked if I would get fucked by one, but I initially said 'no.' Then I watched some videos with other girls doing it and it actually seemed like fun. Well, I called the director back and told him I'd do it. When I showed up at the studio, there it was, right in the middle surrounded by lights and cords. It was kinda intimidating. But I went and got undressed, talked for a bit with the crew and then went out on set. At first it was just a little weird with the noise and all, but after that I really got into it and came six times!

Did you know that dildos are the probably the oldest sex toy known to man. Or at least that's what paleontologists say and they should know. An examples dates back almost 30,000 years with a highly polished stone found in Germany. How do they know it's one? They don't know for sure, but it's life size (about 5 inches long) and scholars don't think it was used for more mundane activities like tool making.

A GUY'S WORST ENEMY OR WHAT'S THE BUZZZZZ?

It's been thoroughly debated whether early dildos were sexual or religious, or both. Today, dildos are used almost exclusively for tension release and sexual satisfaction. Sex toy companies fulfill nearly every dildo desire with a myriad of sizes, designs, functions, and prices. The U.S. government doesn't regulate sex toys so be sure to research sex toy sources thoroughly.

One of the latest evolutions of the dildo is the vibrator. One of the first was created in France in the early 1700's, while the most famous early vibrating machine was made in the late 1860's but not for women per se. It was to relieve the doctor's hands for masturbating women who were thought to have 'hysteria.' On a side note, it was the fifth machine to ever be 'electrified.'

ent sizes, shapes, colors and materials that make shopping difficult. With all the choices, however, there should be one to suit your fancy and needs. When choosing between materials, there are generally several, including:

Silicone: is non-porous and non-absorbent making the surface odor-free and easy to clean. They are non-toxic and conduct of heat and vibrations quite well.

CHECK THIS OUT:

In case you missed the Blair Mart ad on page 17, please check it out and take a good look at the vast vibe selection. Then go to www.blairmart.com to shop.

This Tantalizer vibrator is waterproof. The 7 inch in pink shown here.

Made of Pearlishine materials with a Satin Sensationals feel and it comes with free pink satin bag.

So what's the buzz? Men, don't be too worried, you'll never be replaced, or at least not permanently. So let's get into the machine itself. The vibrator is just a dildo that vibrates either by electric-ity, batteries, or some other power source yet to be invented. (Imagine a nuclear powered vibelll)

There are hundreds of different designs at hugely divergent price points. You can spend \$5.00 or match the \$1.8 million by the world's most famous soccer player for his wife. But realistically, there are vibes out there for every budget and sexual need. As with most sex toys, vibes can be used discreetly, they can be combined with other toys, and either sex can use them.

Vibrators come in many differ-

Soft Vinyl: are soft, flexible and carry vibrations well. Quality vinyl is less porous and lasts longer. Cheap vinyl is porous and can increase risk of infection. Choose vinyl carefully.

Plastic: are hard and smooth and big sellers because of a usually lower price point. Be sure to check the quality of these vibes before using them.

Jelly: allows vibes to be cast into almost any shape. These pliable toys come in all sorts of shapes, sizes and colors. Plus, they contain phthalates, a chemical agent known to

There are also a bunch of things that you should not do, so please treat your sex toy with some degree of respect so you can keep using it for years to cum...

Never clean your vibe without taking out the batteries or being sure that it's not plugged in. Do not use in or under water unless it is waterproofed! You should not insert a vibe or any sex toy in so far that it hurts the body or cannot be retrieved.

Trinity Vibes: Bijou Velvet Bling Vibe in black.

cause health issues in laboratory studies.

Caring for your toy is especially important because of where it's been and where it's going to be, so...

Clean your vibes frequently and in between uses. Silicone and elastomer can be completely disinfected by boiling them in water for approximately four minutes. Soft vinyl toys cannot be disinfected, but should be cleaned using antibacterial, fragrance-free soap and water. Inexpensive jelly sex toys are difficult to clean, so be sure to use condoms during use.

If you want to use the same vibe for pussy and ass, be sure to use a condom and change condoms before inserting in the other location. Use sex toy compatible lube. Test the different temperature settings before touching sensitive sex parts.

While this isn't a 'don't,' be aware that cheap toys will not last long, are often difficult to clean and can hurt you if they break or their parts break or come loose. And finally in the don't column is never, ever, ever share an unprotected vibe with another person.

If there's only one vibrator between the two of you and you both want to feel it's vibe, put a condom on it and change the condom for the other person. If you don't have a condom, then wash it very, very carefully or just wait and get another one.

Okay so I'm small, but you know what they say. "The smaller they are, the tighter the pussy!" And that's me. I don't even reach five feet and don't weigh 100 pounds, but that doesn't stop me from anything. Especially sex. Since I'm so small, I try to stay away from really big cocks – they can hurt. But that doesn't mean I won't suck a big cock. As a matter of fact, I like it that way, the bigger the better in my mouth. Maybe it's because I practiced a lot on my ex-boyfriend.

Kim

"I THINK I'M AT MY BEST WHEN I HAVE A BIG COCK IN MY MOUTH. DON'T YOU?"

and he wasn't that long, but he was thick. And that made me learn to open my mouth wider if I wanted to deepthroat him, which of course is what he wanted. Since I split with him, because he didn't want me making videos with other guys, I've honed my skills and I can give one hell-of-a blow job. I have a lot of fun playing with and sucking on the guys balls. I like them shaved because hair gets in the way and it's unnecessary. So take my humble advice guys, 'Shave them clean. We gals prefer it that way.'

We were just at the mall and picked out these nice lingerie garments. What do you think? We were each going to buy blue ones, but decided that these outfit's looked the best on us. What do you think? But we thought they're not going to be on for that long so we plunked down the money and headed home to change into them. What do you think? But we know you didn't get this far in the magazine to tell us what you thought of or outfits. You want us out of them.

Lavish & desiree

"IT WON'T TAKE LONG TO GET OUT OF THIS LINGERIE AND INTO WEARING NOTHING."

there you go. Now turn the page and we're out of them and into each other. You know that the tongues and toys will come out. We really like to play with them. There's just something naughty knowing that something mechanical is getting you off and not something human. We really liked doing this shoot and getting each other off. Several times. But that's enough talking. Just be sure to enjoy what you see because we did.
